THE ACADEMIC ORCHESTRA OF ZÜRICH

The orchestra has never been to Cyprus before and is thrilled to debut on the island in Limassol on the 30th of July 2017 at 9pm with a joyful symphonic concert. The symphony orchestra consists of 70 young and ambitious musicians who are studying at one of Zurich's universities. The musicians carry on the orchestra's more than 110 year tradition. The formation is considered the country's leading student orchestra, uniting passionate and talented musicians.

ABOUT THE PROGRAM

For its tour to Cyprus the orchestra prepared under the direction of Martin Lukas Meister the Intrada of the Swiss composer Fabian Müller, followed by George Gershwin's world-famous Rhapsody in Blue. The concert concludes with the romantic 2nd symphony of Charles Ives.
