### Further information

---

If civil status documents do not come from Estonia or Switzerland, please contact the Regional Consular Centre in Stockholm beforehand. Depending on the origin of the documents, different regulations apply and the processing can take more time.

Please be informed that civil status affairs have to be registered chronologically in the Swiss Civil Register.

All submitted documents and certificates will be verified and sent to the competent authorities in Switzerland for registration in the Swiss Civil Register. A delay of **at least four weeks** is to be expected until the death is registered. If necessary, the survivors/heirs can order a family certificate (or the like) to be used for all official matters in Switzerland (banks, pension funds, inheritance, and so on). The certificate is issued by the [civil status office](#) responsible for the deceased's place of origin.
