

From One Health...

to Eco Health...

to Planetary Health

Tuesday, 19 April 2016 – 12.30-14.00 – Room 4 (Level 0)

Come and join in the conversation! The presenters will describe three innovative approaches that take into account societies' strong dependency to the ecosystems in which they live: One Health, Ecohealth and Planetary Health.

Speakers:

- Jakob Zinsstag, Swiss Tropical and Public Health Institute
- Rafael Ruiz de Castaneda, Institute of Global Health, University of Geneva
- Jacques Mirenowicz, LaRevueDurable
- Jacques Mader, Swiss Agency for Development and Cooperation, Global Programme Health (Moderator)
