

CATALOG OF INFOGRAPHICS

November 2023, © FDFA, Presence Switzerland

«A picture is worth a thousand words.» This aphorism expresses a simple truth. Yet while nothing grabs people's attention like an image, it is through words that we convey the greatest depth of meaning. That's the beauty of an infographic: it combines a striking image that attracts the eye with an explanatory caption that has the power to persuade.

As part of its mandate to promote Switzerland abroad, Presence Switzerland began developing infographics in 2015. At the time, our infographics were mainly designed for posters and postcards. Today, we mainly create digital infographics optimised for social media.

I am proud to present to you this catalogue, the first to feature all of our infographics in one place. It presents all the infographics by priority themes to allow you to find them quickly, download them, and publish them in the formats that best suit your platforms so you'll get your online community buzzing.

I hope you enjoy our infographics: find the ones you like best, download them and share them with #SwissFacts!

Alexandre Edelmann

Switzerland. A WELL-BALANCED MECHANISM

Every canton has its own constitution, parliament, government and courts. About a fifth of communes have their own parliament, in particular the cities.

1+26+2,000=1

Power is shared by the federal government, the 26 cantons and around 2,000 communes.

Federalism is what allows the different aspects of Switzerland, with its four national languages and large geographical differences, to coexist. Federalism was one of the founding principles of the Swiss Confederation in 1848.

The cantons and communes have authority over a wide range of matters (e.g. schools, hospitals, tax and policing) and a great deal of autonomy. The federal government only takes on tasks that the cantons and communes cannot manage alone.

Switzerland is a member of seven international organisations. EFTA, Council of Europe, OSCE, OECD, World Bank, International Monetary Fund, UN.

SWITZERLAND AND THE WORLD

As a neutral country, Switzerland does not take part in armed conflicts or military alliances. This neutrality is an important pillar of Swiss foreign policy.

Switzerland acts as a protective power for third countries that have broken off relations with another country. Switzerland currently fulfils 7 diplomatic and/ or consular mandates of this type.

HUMANITARIAN TRADITION

as host country to the International Committee of the Red Cross and depositary state of the Geneva Conventions of 1949:

- Emergency and reconstruction assistance in the event of natural disasters and armed conflicts
- Development assistance in countries and regions in need
- Supporting countries in their transition to democracy and the market economy
- Asylum for victims of political persecution

WHAT IS NEUTRALITY

Neutrality is a successful instrument of Swiss foreign and security policy. It is based on the law of neutrality and neutrality policy as well as on Switzerland's history and traditions.

FORMAT

Square

LANGUAGES

English French German Italian Spanish Portuguese Japanese Chinese Russian Arabic Albanian Hungarian Indonesian Ukranian Uzbek Vietnamese Slovak

A LEGAL FRAMEWORK A POLICY

Switzerland's permanent neutrality is anchored in international law. The law of neutrality sets out the rights and obligations of neutral states. It is enshrined in the Hague Conventions of 1907 and is part of customary international law. The policy of neutrality aims to uphold Switzerland's credibility and independence as a neutral state, in accordance with specific circumstances. Switzerland plays a special role internationally by mediating and building bridges.

A HUMANITARIAN TRADITION

Based on its long-standing tradition of good offices and humanitarian aid, Switzerland accords its neutrality a peace-related and humanitarian orientation.

What is International Humanitarian Law? A set of rules binding for all parties to an armed conflict which seeks to limit the effects of armed conflict, by: Image: seeks to limit the effects of armed conflict, by:

A Swiss tradition & an international obligation

A SWISS TRADITION

© FDFA Presence Switzerland 2022 / Source: Federal Department of Foreign Affairs

International Humanitarian Law is a cornerstone of Switzerland's foreign policy. The First Geneva Convention of 1864 was drafted at the initiative of the Swiss government. Switzerland is the depositary of the four Geneva Conventions of 1949 and their Additional Protocols of 1977 and 2005. In case of violations, states are required to prosecute and punish the responsible individuals, for example for war crimes, or hand them over to an international criminal tribunal.

SWITZERLAND'S ENGAGEMENT

Switzerland works to ensure compliance with International Humanitarian Law and urges all parties to armed conflicts to respect its rules and principles. It supports independent institutions such as the International Committee of the Red Cross or the International Criminal Court. Switzerland is prepared to provide good offices to parties of an armed conflict.

Switzerland. OUR NATIONAL SPORTS

WINTER HOSENLUPF

In traditional Swiss wrestling – a contest between two fighters on sawdust – the winner is the one who manages to force his opponent onto his back. Swiss wrestling events attract thousands of spectators.

HILL-WALKING

Switzerland has about 65,000 km of hiking trails.

10,000

Football is the most popular sport. Every weekend approximately 10,000 football matches take place in Switzerland.

SWISS-MADE CONTACT TRACING COVID APP: OPERATIVE AND DATA SAFE

IN USE Around 15,000 beta users are testing the app during the current pilot phase.

WORDLWIDE Switzerland is the first country in the world to use APIs from Google and Apple for its contact tracing app.

SAFE J The SwissCovid app lets you know if you have been closer than 2m for more than 15 minutes to someone tested positive for the coronavirus.

RESPONSIBLE If a person gets tested positive, they can enter an activation code in the app and warn other app-users.

INNOVATIV 🕊

The SwissCovid app was jointly developed by the Swiss federal institutes of technology in Lausanne and Zurich (EPFL and ETHZ) and Swiss tech company Ubique.

TRUSTED 70 % of the population welcome the app; around 59 % plan to install it. After the test phase, parliament will decide if the SwissCovid app can be introduced.

ANONYMOUS Data is only stored on your smartphone.

TRANSPARENT The SwissCovid app is open source.

WE BET ON SCIENCE

INVESTMENT

In 2021, Switzerland spent 3,4% of its GDP (over CHF 24.6 billion) on research and development. Private business (esp. the pharmaceuticals, chemicals and technology sectors) and the higher education sector are the major actors.

NOBEL

24 scientists with Swiss citizenship have won the Nobel Prize in Medicine, Chemistry, or Physics.

RANKED HIGHEST

- Global Innovation Index 2022
- European Innovation Scoreboard 2022
- Global Talent Competitiveness Index 2022

PUBLICATIONS

In terms of publications per capita, Switzerland is in the lead with 7056 publications per million inhabitants. It reflects the higher productivity of the Swiss research community.

In terms of the number of patent applications per capita, Switzerland occupies a leading position worldwide.

DE + FR + IT

Three of Switzerland's four national languages are spoken Switzerland is not an EU member state. Its relations with the EU are regulated via a series of sectoral agreements (Bilaterals I, 1999; Bilaterals II, 2004). The Free Trade Agreement of 1972 laid the basis for economic exchange.

56%

of Switzerland's total foreign trade is conducted with the EU-27 (around CHF 230 billion).

Every day nearly 350,000 EU cross-border commuters come to work in Switzerland.

Switzerland has more than 100 agreements with the EU.

The EU has more agreements with Switzerland than with any other third country.

Switzerland is located in the heart of Europe and is almost entirely surrounded by member states of the **European Union.**
